# NeelBhasmi

**Device to inactivate various micro-organisms including corona virus.**

## Part/Serial/Model No. TUV78RI

Number of Lamps	6
Lamp Power (watts)	250 Watts
Lamp Life (hours)	9000
Wavelength	253.7 nm
Illumination	360°
Remote Control	RF remote
Timer	60 min
Wireless Range	10m
On/Off Control	Wireless
Safety Sensor	360° Microwave Sensor
Sensor Range	15 m
Portable	Yes
No of Wheel	4
Lockable Wheels	2
Power Supply	220VAC, 50 Hz
Weight	2 Kg
Product Certification	Department of Atomic Energy
Sanitization Time	90 min for 120 Sqft area
ISO 9001:2015 & CE Certified	

M.R.P: Rs. 2,00,000.00  
GST Extra

## The best solution for surface disinfection in the following environments

- laboratories
- hospitals
- dental clinics
- veterinary clinics
- nursing homes
- cleanrooms
- food industry
- grocery stores
- restaurants and kitchens
- schools and day care centres

## Proven UV-C Technology

NeelBhasmi inactivates novel corona virus (SARS-CoV-2) as well as microorganisms including the most resilient ones like P. aeruginosa, MRSA, E. coli, S. aureus etc.

The efficacy of UVC lamp using Neelbhasmi-TUV in inactivating novel corona virus (SARS-CoV-2) has been certified by the ICMR approved lab at ESIC Medical College, Hyderabad.

**A UVC light-based room sterilization system designed by Raja Ramanna Centre for Advanced Technology, Indore, a unit of Department of Atomic Energy, Govt. of India and Manufactured by M/s Research India**
